

After Onboarding PreVeil in 30 Days, Kokosing Achieves CMMC with a 110/110 Score

Kokosing is a construction company with 1,800 employees and multiple DoD projects

Goal

Protect CUI + gain a competitive edge to win more DoD contracts ahead of CMMC requirements entering contracts in late 2025

Challenge

Microsoft 365 commercial didn't meet CMMC requirements, and migrating 1,800+ employees to GCC High would have been prohibitively expensive and disruptive

Solution

PreVeil delivered a secure enclave for CUI, requiring licenses only for 200 employees. Kokosing onboarded in 30 days and achieved a perfect 110/110 CMMC score at a fraction of the cost of GCC High

30

days it took Kokosing to set up PreVeil & onboard employees

110/110

Kokosing has achieved a perfect CMMC score

\$0

cost for subcontractors to receive & share CUI

Why PreVeil?

Cost Savings

Only users in the CUI enclave need low- cost PreVeil licenses

Easy to Use & Deploy

Kokosing set up, onboarded, and trained their employees on PreVeil in 30 days

Proven Compliance

Meets all CMMC CSP requirements, with 40+ PreVeil customers achieving perfect 110/110 CMMC scores

“Cost was a big factor for why we chose PreVeil. We also loved the ease of implementation and how easy it was to teach a user how to use PreVeil... You put those together and it was a very simple decision to make.”
